

For more than a decade, **Evolution** has been supplying manufacturing companies of all sizes with software applications to run their businesses more competitively. Today, evolution is a highly successful global business and recognised as one of the major suppliers of enterprise application software and B2B solutions.

**Evolution** is an organisation committed to ensuring that manufacturing companies can respond effectively to changes in the market place. Being focused solely on textile sector, we understand the current issues within the industry and in particular are able to assist companies to shape and transform their business. **Evolution** are able to provide a wide range of services from strategic to operational. We are unique in being able to offer a high degree of information technology expertise combined with more broadly based business transformation skills - a combination that makes us the only 'one-stop-shop' for all your business services requirements.

# proven *value*

## success story

Since installing evolution in 1991, Collins & Aikman employees have become more than just fond of the evolution system - they're spoiled by it.
